

INSURGENT BANKERS BOLT RESERVE STATE

Quit Albany Meeting and Choose Woodard and Palmer Against Locke and Vary.

WILL FIGHT IN GROUP III. Comptroller Represented at Nominations of Second Federal District.

ALBANY, June 3.—After a spirited fight to-day over the nomination of directors to represent Group 3 of the second Federal reserve district the insurgent element bolted the regular nominations of Franklin D. Locke of Buffalo for Banking Director, and William Vary of Watertown as lay representative on the board and named D. Woodard of Granville as the opponent of Locke and Leslie R. Palmer of Granville as lay member in opposition to Vary.

The regular nominating committee appointed in New York city last week nominated Mr. Vary, who is Master of the State Orange, for lay member of the regional reserve bank directorate at a meeting this afternoon. No sooner was his nomination made than the insurgent element withdrew from the meeting and elected the opposition candidates.

The fight over the selection of candidates for directors, which was nothing more than an unofficial primary, is confined to Group 3 bankers. Talk of opposition to Wall Street dictation in the matter of selecting candidates was scouted by both the regulars and insurgents.

Denies Wall Street Interest. William A. Leffingwell of Watkins, who played a prominent part in the proceedings, said that the quarrel had no Wall Street end, because Wall Street could hardly be interested in the directors chosen by the smaller up-State banks.

The insurgent movement came to a head after the meeting was called to order. Several representatives of smaller banks in the vicinity of Hudson Falls, where the opposition was born, objected first to the selection of Mr. Locke as banking director, although Mr. Locke had been made last week without a dissenting voice. They argued that Mr. Locke was not a proper representative for the smaller banks, since he is associated with the large banking institutions in Buffalo. They added that he was unfamiliar with the needs of the smaller banks, and should be enrolled as a member of Group 1.

Before Mr. Vary was named by the regular nominating committee the insurgents suggested the names of Mr. Woodard and Mr. Palmer, who are both bankers, and flatly refused to abide by the suggestion and proceeded to nominate Mr. Vary. This move was met by the regular members of Group 3, who then met and arranged for another meeting room with the management of the hotel where the meeting was held. Soon afterward they announced that Woodard and Palmer were their choice.

Nominations Were Disasters. Mr. Woodard and Mr. Palmer are members of the regular nominating committee and they were the only members to vote the negative on the nomination of Mr. Vary and to support the suggestion that the name of Mr. Locke be withdrawn.

The insurgents said after their meeting that they would conduct a personal canvass of the 159 banks composing Group 3 in the interior of the State, and that the Comptroller of the Currency, Williams, was represented at the meeting by F. G. Gibney. His presence provoked considerable discussion. He is reported to have said that the Comptroller might be using his influence in favor of candidates friendly with the Administration. They pointed out that the Comptroller has the naming of three directors and that if it could obtain control of two more it could dictate in the regional reserve board directorate, which is made up of nine members.

TO SPEED PHONE RATE INQUIRY. Service Commission Hires Buffalo Lawyer to Aid Public Hearing.

ALBANY, June 3.—The Public Service Commission of the second District has found it impossible to conduct a public hearing in Albany, and it has therefore sent a lawyer to Buffalo to aid in the hearing. The Commission is conducting a hearing on the rates of the New York Telephone Company in New York city, and it is reported that the company since December last had 100 men at work preparing a plan to accomplish the physical valuation and that this work would be increased to 150 men after the inventory and appraisal get under way.

The commission adjourned to meet a week from to-morrow at the New York city office of the commission.

IMMUNE, SAY BOSS AND WALTER. Seek Freedom as Privileged Witnesses Against Willett.

Argument before the Appellate Division of the Supreme Court in Brooklyn reveals the fact that the two men, who are Democratic boss of Queens, and Louis T. Walter, Jr., both convicted of the sale of a supreme Court nomination to ex-Congressman William Willett, Jr. intend to claim immunity and let the former Congressman, also convicted, get out as best he can. Willett's appeal is based on other grounds.

Both Cassidy and Walter insist that testifying at Willett's trial and before Supreme Court Justice Scudder, sitting on the Willett appeal, would be to incur immunity from prosecution. District Attorney Cropper's reply consumed three hours, much of the time being taken up with a review of the case.

Missouri Pacific Notes Mostly In. It was said yesterday that all but \$1,250,000 of the \$25,000,000 Missouri Pacific notes had been deposited by their owners and that the balance had been deposited by the Speyer-Gould syndicate. It is understood that with their recent purchases of the notes George J. Gould and the Gould estate hold about \$5,000,000 and \$10,000,000 of the notes.

SAYS COUNTRY PACES CRISIS.

President Betts Tells Editors Institutions Are in Danger. STRACRUS, N. Y., June 3.—The sixty-first annual convention of the New York State Press Association opened here to-day. President Charles H. Betts in his annual address reviewed conditions in the country and also outlined what he considered to be the duty of an editor. He said:

"In these days of commercialism, in the face of a general circulation obtained by catering to sensationalism, the general and perhaps the popular view relative to the conducting of a newspaper is that it should be confined to a strictly commercial basis. This seems to be a tendency of the times, and it is a most dangerous tendency. It is a tendency which if not checked will eventually result in the demoralization of society and the ruin of the republic.

"So far as I can see the editor who conducts a newspaper solely for the money there is in it placed in a position of a low level as the political boss who goes into politics for the express purpose of working for his own pocketbook all the time."

Mr. Betts said that the initiative referendum and recall were backward steps and that the present crisis in the country was the cry of demagogues and of a class he called Col. Bryan and Col. Roosevelt. Direct primaries, he said, would cure no ills, but the best method of choosing candidates was under the open caucus and convention system. He concluded:

"Let us make no mistake about it. This country is facing the greatest crisis since the civil war. Our representative institutions are in danger. Masked treason is gnawing at the heart of our Federal Government. The most dangerous proposal presented in this country since secession reared its ugly head to dismember the Union.

THE CURB MARKET. There was no change in the character of the curb trading yesterday. The session was dull and prices in the main were steady. The market for the well known stocks recovered and closed 1/2 point higher at 14 1/2. The first preference was steady at 4 1/2 and the second preference was 3 1/2. The market for the New York Railway Company reports for April and the ten months ending April 30:

Table with columns: Operating revenue, Operating expenses, Net operating profit, etc.

THE PHILADELPHIA MARKET. PHILADELPHIA, June 3.—The market was irregular and active at intervals. Price changes followed New York's lead. There was some demand for Tonopah and Tonopah Consolidated, which were up 1/2 on inside buying. Tractor stocks were quiet and firm. Arbitrage trading was light. The summary:

Table with columns: Sale, Open, High, Low, Close.

SECURITIES SOLD AT AUCTION. 324 shares Metropolitan Company. 100 shares Western Development Casualty Insurance. 1,250 shares American Steel Foundries. 30 1/2 shares of American Steel Foundries 4 per cent. debenture bonds.

THE BOSTON MARKET.

BOSTON, June 3.—Trading here continued quiet, the tone being stronger in spots. The London market was steady. Cotton Smelting weakened a point to 45 1/2, while the preferred advanced to 46 1/2. Butte & Superior gained 1/2 to 46 1/2. American Commercial, Green-Canaan, and Superior each lost fractionally.

In the rails a sale of Northern Railroad of New Hampshire was recorded at 106 1/2 up 2 points. New Haven advanced 1 1/2 to 65 1/2. In the industrial list United Fruit was a strong feature, gaining 1/2 to 151 1/2. United Shoe advanced 1/2 to 151 1/2, a new high record for this year.

American Telephone advanced a point to 123 1/2, while Edison Electric on light trading lost a like amount to 251. American Sugar gained 1/2 to 251.
